STANLEY KETCHEL IS SHOT

MIDDLEWEIGHT CHAMPION IS PROBABLY FATALLY WOUNDED

BULLET PENETRATES LUNGS

Man Who Did Shooting Makes His Escape—Bloodhounds On Trail

By Associated Press.
SPRINGFIELD, Mo., Oct. 17.—Stanley Ketchel, champion middleweight pugilist, was shot and probably fatally wounded this morning by an employe on the farm of R. P. Dickerson, five miles north of Conway, Mo., where Ketchel has been since Tuesday for rest and recreation. The bullet passed through Ketchel's lung. The man who shot him escaped and bloodhounds are on his trail.

The shooting was done by Walter A. Hertz, a quarrelsome ranch hand. The men exchanged words last night and Hertz retired in an ugly mood. Entering the room this morning where Ketchel was eating breakfast Hertz aimed a rifle and ordered him to throw up his hands. Instead of complying Ketchel arose with his back half turned to his assailant and Hertz, who was only a few feet away, fired, the bullet entering below the right shoulder blade and going through the right lung. Ketchel fell to the floor and Charles Bailey, who rushed in, saw Hertz disappearing through the doorway. Pointing to the rapidly vanishing man, Ketchel said: "He shot me," and managed to briefly tell the details before lapsing into unconsciousness. He did not revive until 2 o'clock this afternoon, when he recognized friends. The physicians say Ketchel will probably die. Hertz is still at large.

RETURN OF THE REDMOND COMPANY IS APPRECIATED

The Ed Redmond company signaled its return to Tonopah last night with a production of "In the Bishop's Carriage" at the Nevada theatre, that delighted a big house and showed that the famous old play still retains all of its own attractions. It was well presented by the clever players.

Ed Redmond as Ramsey proved the hit of the evening with his quaint and original wit. Mr. Redmond is one comedian whom it is a distinct pleasure to see. Miss Beth Taylor as Nance Olden and Kernan Cripps as Tom Dorgan were both good. In fact, every member of the company appeared to advantage.

"Hello Bill," the brilliant comedy, is the attraction for tonight and should prove as welcome as ever. Tomorrow afternoon the company will appear in "Are You a Mason?" by special request, and the engagement closes tomorrow night with "Niobe," the daintiest comedy ever written.

COAST BASEBALL.

Coast League

At San Francisco—

MINER FALLS DOWN RISE AFTER BEING INJURED

SUSTAINS A NUMBER OF PAINFUL LACERATIONS ABOUT THE HEAD

Tom Fahey, an employe of the Tonopah Extension Mining company, received injuries this morning while at work in the mine, that will keep him a patient in the hospital for several weeks to come. Fahey was working in a raise when a falling rock struck him on the head, causing a laceration about four inches in length. The force of the blow caused him to lose his footing and he fell to the level, about twenty feet below.

Fahey fell head downwards and when he struck the level he sustained additional injuries. His forehead, when it came in contact with the ground, received a V shaped injury that necessitated the taking of several stitches by Dr. E. S. Grigsby, who was summoned. The miner evidently fell on a rock for several of his upper front teeth were knocked out while the lower gums were torn completely loose from the teeth. The roots were exposed and it required almost an hour's work to stitch the lacerated flesh together. In addition Fahey received a laceration on the throat, about four inches across. Fortunately no arteries were severed.

Dr. Grigsby had the injured man taken to the Miners' hospital where the injuries were dressed. Fahey is a recent arrival in Tonopah and had only been working at the Extension a short time.

AMERICANS OF NEW YORK DEFEAT THE NATIONALS

By Associated Press.
NEW YORK, Oct. 14.—Victory perched on the banner of the New York Americans today when they passed the Nationals in the last two innings of a well played contest and won the second game of the post series, 5 to 4.

It was a pitchers' contest between Wiltse and Warop and honors were fairly even until the last two innings, when, under a storm of American hits, Wiltse weakened and lost control.

Warop worked splendidly during the entire game and his effectiveness increased as the innings passed. After the third inning but one hit was made off him. Devlin alone solved Warop's delivery, making a home run and a double, which brought in three runs.

Score—
R. H. E.
Nationals 4 6 1
Americans 5 8 3
Batteries—Wiltse and Myers; Warop and Mitchell.
Umpires—Evans and Klem.

CHICAGO UNIVERSITY CLUB DEFEATS JAP PLAYERS

By Associated Press.
TOKIO, Oct. 14.—The University of Chicago baseball team, which is making a tour of Japan, met the Kelo nine here today, and defeated it by a score of 2 to 1. The Chicago's made seven hits and two errors, while the Japanese had six hits and four errors.

TWO MEN FALL INTO VAT OF BOILING DYE

By Associated Press.
PROVO, Utah, Oct. 14.—Two employes of the Knight woolen mills fell into a vat of boiling dye today while scuffling on its brink. H. D. Johnson died soon after being removed, and his companion, John H. Nebeker, cannot live.

Key Pittman, democratic candidate for the United States senate, arrived from the north last night and continued on to Goldfield this afternoon.

AIRSHIP SAILS FOR EUROPE

LONG DEFERRED ATTEMPT OF WELLMAN TO CROSS OCEAN BEGUN

SIX PASSENGERS ARE ABOARD

Wireless Message Received at Noon States That Machinery Is Running Smoothly

By Associated Press.
ATLANTIC CITY, Oct. 15.—The long deferred attempt of Walter Wellman, the journalist, aeronaut and explorer, to cross the Atlantic ocean in a dirigible airship, was begun this morning when his balloon "America" left its hanger and disappeared in the fog over the ocean. There are six men in the airship, provided with provisions for a month. Their only means of cooking is a small oil stove. It is estimated that the two engines with which the craft is supplied will push the balloon through the air at the rate of 26 miles an hour. A wireless message received at noon from Wellman said: "All well on board, fog lifting. Machinery working smoothly, making twelve knots an hour."

The America is a larger craft than the one in which Wellman started to the North Pole. The gas bag, shaped like a cigar, is 228 feet long and 52 feet wide and is said to be capable of lifting twelve tons. In addition to the two gasoline engines for motive power, there is a small donkey engine. Beneath the passenger car hangs a small boat for use if the balloon should become wrecked. It is intended to sail the balloon at an average height of 200 feet.

Word has just been received from the weather bureau at Washington that a West Indian storm and hurricane is coming up from the east. Efforts are being made to warn Wellman by wireless telegraphy.

FALLS NINE STORIES—HAS CHANCE TO LIVE

By Associated Press.
LOS ANGELES, Oct. 14.—Losing his hold while at work on the tenth floor of a new steel building here today, Charles Umberger, a structural iron worker, caromed off a projecting beam on the floor below and fell nine stories to the roof of a one-story building adjoining.

He was still alive three hours after the accident, though he struck with such force that his feet and legs were driven through the inch boards and asphalt comprising the roof.

Both arms and legs were fractured in several places and he suffered internal injuries, but his back was not broken and the surgeons say that he has a fighting chance for recovery.

DEMAND OF FRENCH STRIKERS CONCEDED

By Associated Press.
PARIS, Oct. 15.—The directors of the railroads involved in the great strike have agreed to grant a minimum wage of one dollar per day to the employees of all lines running out of Paris. This goes into effect in January, and constitutes the chief concession demanded by the men.

OKLAHOMA FIGHTER KILLED IN RING

By Associated Press.
ENID, Okla., Oct. 15.—A prize fighter known as Kid Fisher was killed in the tenth round of a fight at Mono, Okla., last night.

The fatal blow was struck by Frank Hall, who surrendered.

MARRIAGE WILL BE QUIET AFFAIR THIS EVENING

BRIDE-TO-BE ARRIVES TODAY FROM EASTERN HOME TO BE WED

W. R. McCaw, formerly of the local postoffice force, but who is now conducting the pool rooms on Main street, left on this morning's train for Millers. He was all toggled out, even to a boiled shirt, and gave as an excuse that he was going to the mill city on business. Of course none disputed his word, but when he returned on the noon train, accompanied by Miss Emma Wilson of Watervliet, New York, it became apparent that the sound of wedding bells would soon be in evidence.

The wedding will come off this evening at the residence of Mrs. T. Thomas and Rev. H. L. Burnham will officiate. "Mc" secured the license this afternoon and had the clerk's office sworn to secrecy. Somehow the news leaked out and if the couple are not given a real serenade by the kids, it will be because the weather will not permit the youngsters to be about.

The couple have been engaged for several years and Miss Wilson left her eastern home about a week ago. Just why McCaw wished the matter kept secret is not known, but as he has a tendency to be bashful, it is presumed that he desired to spring a surprise on his many friends.

At that, the entire affair is a secret and, of course, secrets should not become known. However, we extend our congratulations. The couple will make their future home in Tonopah.

PHILADELPHIA AGAIN DEFEATED BY ALL STARS

By Associated Press.
WASHINGTON, Oct. 14.—The All-Stars and Athletics gave a splendid exhibition of baseball today, the former winning by a score of 4 to 1.

Walter Johnson held the champions to four scattered hits until the last inning, when he slackened his speed and doubles resulted. Morgan also pitched well for five innings, but a double and three singles in the sixth decided Manager Mack to send Dygert in for the final rounds and the midget finished in brilliant shape.

Secondbaseman Collins wrenched his knee in turning first after he had singled in the fourth inning, but Captain Davis reported him all right by the time the game was over. He will be back in the game tomorrow.

R. H. E.
Philadelphia 1 7 1
All Americans 4 8 0
Batteries—Dygert and Livingston; Johnson and Street.
Umpires—Egan and Ryan.

MAN ARRESTED ON SUSPICION OF MURDER

By Associated Press.
PAYSON, Utah, Oct. 14.—The appearance and conduct of a stranger led to his arrest here today as the murderer of Thomas S. Karrick, the school boy who was shot by a burglar at his home in Salt Lake City. The suspect gives his name as Kelly and denies knowledge of the crime.

Mrs. R. T. Harris, wife of Cashier Harris of the Nevada First National bank, and daughter Madeline, arrived this morning from Los Angeles.

J. W. Woodbridge, of the Western Ore Purchasing company, came over from Goldfield yesterday and returned to the southern city late last evening.

M. P. Shepard, republican candidate for auditor and recorder, left this morning for Manhattan and other northern points in the county, on a few days' campaigning trip.

LARGE SUM IN NET PROFITS FOR THE PAST MONTH

REPORT OF TONOPAH MINING COMPANY FOR SEPTEMBER IS VERY GRATIFYING

The month of September has been another good month for the Tonopah Mining company, the report just completed for that period showing a net profit of \$154,350, bringing the total net profits for July, August and September close to the half million mark, or to be more exact, \$490,000. The record for the month shows that a total of 14,581 dry tons were crushed and treated by the mill, which is nearly 1000 tons less than the preceding month, which is accounted for by the fact that September is one day shorter than August and another day was lost on Labor day. The average value of the ore treated during September was \$21.70 a ton, which is about the general average of the ore for several months past, though single months may show a less or greater value.

The shipments from the mill for the month of September consisted of 20,246 pounds of bullion, valued at \$224,470, and 107 dry tons of concentrates, valued at \$51,720, or a total of \$276,190. The average extraction for the past three months is recorded as 92.4. This is a record of which the management can feel justly proud, and shows that the mine is making a profit considerably in excess of the dividends paid, which at present is \$400,000 a quarter. The recent strengthening in the price of silver is most pleasing to the management of the big property, as it not only adds greatly to the profits of the mine, but it places a considerably higher valuation on the large amount of silver bullion owned by the company, but stored away at a time when silver was selling in the neighborhood of 48 and 49 cents an ounce. The price of bar silver quoted this week is higher than it has been for over two years.

FABULOUSLY RICH LEDGE DISCOVERED NEAR ALPINE

A strike that has caused considerable excitement at Fallon occurred in the Alpine district in eastern Churchill county last week, when Charles Alford, a prospector, discovered a ledge carrying free milling gold to a fabulous extent, at a point three miles west of Alpine postoffice. The picture rock is from a ledge that has lain exposed and unseen and apparently permeates an immense porphyry dyke some hundred feet in width. The dike has been prospected time and again in times past, but it remained for Alford to find the gold bearing heart, which, in the opinion of those who have visited the scene of the strike, is sure to develop into a mine, beside which all others in this county will pale. Samples of the rock brought back by returning parties bear out this belief in most eloquent manner, for golden seams run through the rock in a manner that corroborates at once the most ardent claims of the mining enthusiasts. Everywhere in the ledge, which has been uncovered for a few feet only, is this same sprinkling of the precious metal.

By making the discovery, Alford has quickly risen from an unnoticed prospector delving away in the hills of this county for treasure to the most sought man in the section. Mining men from everywhere are importuning him for a figure on his group of claims and in the meantime, locations in large number have been made on territory adjacent to his rich strike by those who have visited the district. Its location is such that there is hardly a chance in the minds of mining men who judge by precedent, but that another big paying mine of the bonanza sort will soon be added to this county's quota of producing properties. Some of the samples exhibited locally undoubtedly carry values of from \$5,000 to \$10,000, and the size of the ledge uncovered makes us know that shipping operations will quickly follow.

ALL DAY NIGHT BANK IS CLOSED

SUPERINTENDENT OF BANKS ANDERSON IS IN CHARGE OF CONCERN

DIRECTORS COULD NOT AGREE

Deposits of Nearly One Million—Depositors Will Not Lose Any Money

By Associated Press.
LOS ANGELES, Oct. 15.—The All Day and Night bank was closed at midnight last by Superintendent of Banks Anderson, who is in charge owing to a dispute between the old and new boards of directors as to which has the legal right to direct the affairs of the institution. The bank has deposits of nearly a million, dollars, with estimated assets in excess of that amount. Superintendent Anderson says there is no suspicion of irregularity and that depositors will not lose one dollar.

NOTED HUNTERS TO RETURN TOMORROW

Tom Kendall, W. J. Douglass and J. J. Mullen, who have been in the Sodaville district for the last week, are expected to return to Tonopah in the morning. During their absence the party has been inspecting mining property and incidentally indulged in a little deer hunting. It is reported that they secured several deer, but owing to the high price demanded could not secure enough to bring back a supply for their friends.

MISS CAMPBELL WINS GOLF CHAMPIONSHIP

By Associated Press.
FLOORSMOOR, Ill., Oct. 15.—Miss Dorothy Campbell won the woman's national golf championship today. The championship was won by defeating Mrs. G. M. Martin, of England.

PIOCHE GIVES REPUBLICANS A BIG RECEPTION

PIOCHE, Oct. 14.—A royal reception was accorded the republican state candidates headed by Senator Nixon on their arrival today. Automobiles met the party two miles from here and ran back to town ahead of the candidates, exploding dynamite salutes en route. Small charges were exploded after their arrival for fully three hours.

A gratifying reception was tendered them at the Commercial club and after dinner at the club a torch light procession was held. Red fire was burned at different points and at intervals immense bonfires were blazing merrily.

Senator Nixon, T. L. Odile and E. E. Roberts addressed the meeting and as usual were accorded hearty applause. Senator Nixon received a special ovation when introduced and the uproar lasted for ten minutes before he was permitted to speak. Frequent interruptions in the shape of prolonged applause kept him on the platform a full hour. E. E. Roberts and T. L. Odile were also given an enthusiastic reception. Following the making of speeches a dance in honor of the candidates was given.

The entire party will go to Ely this morning, remaining there for three days.

Walter C. Lamb came in from Manhattan last evening.
